

MONEY MATTERS

As a community focused bank, we've made it our priority to provide the highest level of service unmatched by any financial institution- large or small. We rely on our employees' trustworthiness, professionalism, passion and talent to foster relationships and provide solutions to our clients each and every day. With access to local decision-making, we provide responsive, customized solutions and the latest in financial services and technology to fit the ever evolving needs of our clients.

The passion and commitment we have for our clients and communities extends far beyond our bank walls as our employees actively pursue volunteer work with many nonprofit organizations in the area. We are extremely proud of the hundreds of volunteer hours our employees put into local organizations in the communities we serve. You can count on our continued commitment to building relationships with our clients and our communities. We invite you to stop by any of our offices and experience "Banking the Way It Should Be."

It's more than a tagline – it's our promise!

Sincerely,
Quentin Beadell
President of Community Bank
